

YEAR 12

REVISION LECTURES

Hosted at St Paul's Anglican Grammar School

Lectures are open to students from any school to attend

UNIT 3 & 4 WORKSHOPS BEGIN SEPTEMBER 20TH

Join us for a revision game-changer, enhancing your understanding of your Unit 3 & 4 subjects and preparing you with tools for those end-of-year exams so you can tackle them head-on with confidence!

Hosted in Warragul, our workshops are tailored to provide VCE students with targeted revision strategies and expert guidance to approach their exams. Led by experienced and passionate educators, these workshops offer a review of key subject areas, invaluable tips for tackling exam questions specific to each subject, and valuable study resources to take home to continue your revision. With each subject booked, you will receive a revision package, with notes and advice for success in your subject.

STEM Zone is a local education centre in Drouin, that is offering our rural students direct access to professional VCE support with expert teachers and former VCAA assessors, without having to travel the long distance to Melbourne. You deserve the best, and we are thrilled to be providing this service for you!

Don't miss this opportunity to boost your confidence, master your subjects, and achieve your academic best. Reserve your spot now and unlock your full potential with STEM Zone's VCE Revision Workshops at St Paul's Anglican Grammar School!
